Bullet Point Updates

Posted on May 31, 2016 by Keith McLachlan

Santova (SNV): Santova put out strong FY 16 results showing Normalized HEPS +33%. The Group is also setting itself up for a stellar FY 17E, given forex uplift *and* full consolidation of its recently concluded major acquisition in the UK. All that for a stock on a Price Earnings (PE) of 11.7x.
